Tylö Excellent.

A luxurious steam room raises the standard in any public bathing facility. Tylö Excellent has been designed primarily for professional use, but smaller models can also be a dream solution at home. Tylö Excellent is available in many sizes, from versions for just four or five bathers to magnificent steam rooms that cater for more than 50 guests in comfort.

Made of high-tech, vacuum-formed, special-grade white plastic for a rigid, steam-tight construction. Supplied in ready-to-assemble wall and roof sections with interior fittings consisting of wide, comfortable benches in white lacquered aluminium. The decorative cover panels can be removed for easy cleaning. The door is made from tinted, tempered safety glass in a sturdy frame with handles of natural anodised aluminium. Air outlet vent and all assembly hardware included.

Simply add your choice of steam generator and control panel to complete (see pages 114–115).

Lots of optional extras

- All Excellent steam rooms may also be equipped with the optional service wall, with integrated shelf compartments and space for a mixer tap and shower set. The service wall may be ordered instead of the corresponding wall/seat section at no extra cost.
- Wall sections may also be replaced by glass walls. Do bear in mind, however, that these changes require made-to-measure benches and that they reduce the number of seats in the steam room.

OPTIONAL ACCESSORIES

Steam Door 101 G

Specially designed for wheelchair access with extra wide opening, no raised threshold and a stainless steel protective edge around the glass door leaf. See pages 118–119 for more information about Tylö doors.

Glass wall

Smoked, tempered safety glass in a frame of natural anodised aluminium. Each glass wall section replaces one wall/seat section. May be ordered instead of the corresponding wall/seat section at no extra charge.

Service section Complete

Vacuum-formed wall section with soap/shampoo compartments, jet nozzles for water massage, thermostatically controlled mixer tap, shower head and riser rail. May be used to replace a wall/seat section. See page 116.

Service section Basic

Integral shelf compartments. Made of vacuum-formed, special-grade white plastic. May be ordered instead of the corresponding wall/seat section in plastic at no extra charge. See page 116.

Tylö Fresh

Electronic fragrance dispenser. Details page 117.

Steam Clean

Cleaning/disinfecting equipment. Details page 117.

THE EXCELLENT PACKAGE INCLUDES:

Wall sections (not outer wall covering) • Steam door 60G • Aluminium bench
Roof sections • Air outlet vent • Assembly hardware

Freedom of choice is yours – by design.

Here you have a bird's eye view of all our complete, prefabricated steam rooms. You can see the sizes and the layout of the interior fittings. All our steam rooms can also be installed mirror fashion. You can also see which standard wall sections can be replaced by glazed sections. The required output of the steam generator is given below each sketch.

Layouts for Excellent

See current price list for article number for each size.
